Price List as of 01st July to 31st August 2022

Mercedes-Benz

Welcome

At Mercedes-Benz we appreciate the importance of detail. Over the following pages you'll find model prices and a breakdown of standard and optional equipment, as well as details of the attractive finance offers and benefits that are available to every Mercedes-Benz driver.

We have highlighted some of the best styling features both inside and out, some of the new technology features and some body styling options which all combine to give you a unique driving experience. To experience a full listing of what is available; please speak directly to your local Mercedes-Benz Dealer.

Of course, some things have to be experienced to be truly appreciated, such as the qualities that set a Mercedes-Benz apart, which is why we'd like to invite you for a test drive at your local Mercedes-Benz Dealership. Discover the location and the contact details of your local Mercedes-Benz Dealership at **www.mercedes-benz.ie**

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification.

* Prices applicable to all models registered from 01st July to 31st August 2022 . Subject to availability. Terms & Conditions apply. Prices quoted do not include dealer and delivery related charges. Owing to supply shortages, options for vehicles may be temporarily restricted, resulting in modified vehicle and/or package pricing . Regularly updated information on this issue is available from Mercedes-Benz dealers.

EQA

Sustainability

Sustainable production.

The Rastatt factory, where the new EQA is built, reduced its CO₂ output by 58% from 2011–2019 and all our Mercedes-Benz factories around the world plan to be CO₂ neutral by 2022.

Sustainable materials.

To ensure the responsible mining of cobalt, lithium and other battery raw materials, Mercedes-Benz has already made the IRMA Standard for Responsible Mining a contractual component for all future vehicle projects.

Sustainable mobility.

Locally emission-free driving pleasure, virtually silent with full access to inner city zones. All our vehicles come as standard with an external acoustic warning to alert pedestrians or cyclists at speeds under 30 kph.

Technology

AUTO MAX PASSENGER AIR BAG REAR A/C

Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice, touch or optional gesture input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

Personalisation

- Turn the new EQA into your very own Mercedes-Benz by personalising driving modes, radio stations, ambient lighting and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a charging station? Just ask your MBUX – it will tell you the answer

¹LINGUATRONIC off-board functions are currently only available for three years

Mercedes me connect

Stay connected any time, anywhere.

Mercedes me

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service – Mercedes me connect helps to keep you and your car safe

Check your car's washer fluid level, tyre pressure and battery level from your phone so you'll be ready for every journey.

Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1.5 km radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Retailer or visit the Mercedes me connect store at <https://shop.mercedes-benz.com/en-ie/connect/>

Comfort – connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

EQ-specific Services

Check your charging status on the go and programme your pre-entry climate control and charging settings remotely. The EQ-specific navigation considers electrical range, topography and charging stations.

¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

EQA

EQ

EQA 250

Benefits of driving EQ

Mercedes-EQ couple the locally emission free, refined drive and effortless powertrain of an electric vehicle with the luxury, elegance and high-quality craftsmanship of a Mercedes-Benz.

Performance

Instant torque provides effortless driving pleasure.

Aerodynamics

The EQA minimises aerodynamic drag by means of aerodynamically shaped components such as the body and wheels. In the best case the Cd figure is a very good 0.28. This reduces the energy requirement and increases actual range. These measures also improve acoustic comfort during a journey.

Refinement

Acoustically optimised and a near-silent powertrain means that driving EQ provides a sensory experience of luxurious refinement. All our vehicles come as standard with an external acoustic warning to alert pedestrians or cyclists at speeds under 30 kph.

The EQA is the first all-electric member of the compact car family from Mercedes-Benz. Offering locally emission-free, efficient driving combining driving pleasure and performance with dynamic design.

EQA 250
 Battery electric vehicle, 190hp/140 kW
 Electric range 419–423 km – WLTP²

EQA 300
 Battery electric vehicle, 228hp/168kW
 Electric range 425–429 km – WLTP²

EQA 250+
 Battery electric vehicle, 190hp/215 kW
 Electric range 523–529 km – WLTP²

EQA 350
 Battery electric vehicle, 292hp/215 kW
 Electric range 425–429 km – WLTP²

Standard equipment	
Acoustic ambient protection – the tone pitch changes depending on the driving conditions. You can therefore also differentiate whether you are braking or accelerating. Above 30 kph the system is deactivated since wind and tyre noise tend to dominate at higher speeds	
Charging system – AC charging system rated at 11 kW; DC rated at 100 kW	
Charging socket	
Mode 2 cable (5 m), enables you to charge the vehicle battery via a domestic plug socket	
Mode 3 cable (5 m), enables you to charge the vehicle battery via the wall box or at public charging stations at up to 11 kW	
Pre-entry climate control	
Radar-based recuperation	
Suspension – comfort suspension as standard	
The battery comes with an eight year / 160,000km warranty	

Technical details	
Charging time (66.5 kWh)	
AC outlet (230 V/13 A) 10–100% ^{3,4}	30 hrs
Wall box (400 V/16 A) 10–100% ³	5 hrs 45 min
Public rapid charging (100 kW) 10–80% ⁵	30 min
Range power consumption, combined ^{2,5}	190–179 Wh/km
Battery type (capacity)	lithium-ion
Capacity on-board charger	11 kW AC 100 DC

Attention

Please be aware that external factors such as weather, gradient and ambient temperature amongst others can significantly impact range.

Please also note that internal factors such as driving style and climate control settings etc. can also significantly impact range.

Using the pre-entry climate control when plugged into a charge point will ensure the perfect ambience and ensure that your car is just how you like it, as well as making sure that your battery isn't used unnecessarily to heat/cool the vehicle (maximising range).

²Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedures. Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load ³Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wall box (three-phase) or standard socket (single-phase)
⁴If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord) ⁵Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–80% charge using public rapid charging at 100 kW

Standard Equipment

- 18" Alloy Wheels
- 4-way Lumbar Support
- Active Lane Keeping Assist
- Adaptive Highbeam Assist
- All-digital instrument display
- Ambient Lighting with 64 colours
- Blind Spot Assist
- Comfort Seats
- Digital Radio
- Double Cupholder
- Easy Pack Tailgate
- Floor Mats
- KEYLESS-GO
- Kneebag
- Leather Steering Wheel
- Load Compartment Package
- Media display
- Mirror Package
- MME Charge
- Parking Package with Reversing Camera
- Seat Comfort Package
- Smartphone Integration
- Storage Compartment
- Tirefit

Advanced Plus Package From¹ €1,579

Advanced Sound System

- Mid-range speaker as the central speaker
- One mid-range speaker in each of the front and rear doors
- One subwoofer bass box in the rear, including separate booster amplifier
- One tweeter in each front door (mirror triangle) and rear door
- Maximum total output: 225 watts

THERMOTRONIC

Automatic two zone air conditioning with individual temperature selection for driver's and front passenger side respectively

KEYLESS-Go Comfort Package

- Convenience opening and closing inc tailgate
- Door handles with chrome inserts
- HANDS-FREE ACCESS
- KEYLESS-GO access and drive authorisation system
- Vehicle key with KEYLESS-GO functionality

Wireless Phone Charging

¹Price and availability subject to vehicle specification
Owing to supply shortages, options for vehicles may be temporarily restricted, resulting in modified vehicle and/or package pricing. Regularly updated information on this issue is available from Mercedes-Benz dealers.

Premium Package From¹ €4,309

In addition to/replacement of Advanced Plus Package components

Burmester Surround Sound System

Panoramic Sliding Sunroof

Parking Package with 360° Camera

- 12 ultrasonic sensors: in each case 4 at the front and rear and 2 in each side, positioned in the front and rear bumpers
- Four networked cameras (in the radiator grille, at the rear and in the exterior mirror housings) deliver images of the surroundings for all sides of the vehicle and for visualisation from a bird's-eye view
- Depiction in the media display: the perspective is automatically made available based on the gear choice and can also be selected manually
- Virtual guide lines along the outer contour of the vehicle
- Trailer mode: additional display option with zoom function (only on vehicles with trailer coupling)

¹Price and availability subject to vehicle specification
Owing to supply shortages, options for vehicles may be temporarily restricted, resulting in modified vehicle and/or package pricing. Regularly updated information on this issue is available from Mercedes-Benz dealers.

Night Package

From¹ €764

The Night Package adds further attractive features. Particularly eye-catching highlights in striking black or high-gloss black reinforce the individuality and sporty standards of your vehicle.

- Front apron, rear apron plus side panels with inserts in high-gloss black
- Exterior mirror housings in high-gloss black, in conj. with paintwork in cosmos black they are painted in the vehicle colour
- Beltline trim strip and window line trim in high-gloss black
- Roof rails in black
- Heat-insulating dark-tinted glass starting from B-pillar
- Trim element on the B-pillar in black
- (18-inch) 5-twin-spoke light-alloy wheels (97R), aerodynamically optimised, painted in black with a high-sheen finish, not in conj. with AMG Line

¹Price and availability subject to vehicle specification

Owing to supply shortages, options for vehicles may be temporarily restricted, resulting in modified vehicle and/or package pricing. Regularly updated information on this issue is available from Mercedes-Benz dealers.

Driving Assistance Package

The Driving Assistance package contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency.

Driving Assistance package (code PAY) – designed and priced as a package

From¹ €2,051

Active Distance Assist DISTRONIC

- Active Speed Limit Assist
- Extended automatic re-start on motorways
- Route-based speed adaptation with end of traffic jam function

Active Blind Spot Assist with Exit warning function can warn the driver of vehicles in the blind spot when driving or when opening the door to exit the vehicle

Active Steering Assist

- Active Emergency Stop Assist with SOS function – immediate emergency braking if evasion is impossible
- Active Steering Assist prevents unintentional drifting out of lane through targeted steering intervention

Active Brake Assist with turning manoeuvre function, cross-traffic function and congestion emergency braking function

Evasive Steering Assist can support the driver in making evasive manoeuvres if, in a dangerous situation, he/she moves to avoid any pedestrian detected by the system

Active Lane Keeping Assist

Pedestrian warning function near pedestrian crossings

¹Price subject to vehicle specification

Trailer coupling with ESP[®] trailer stabilisation

Trailer coupling with ESP trailer stabilisation¹ (code 550)

Available on all models

From² €1,357

Expand your transport options: with this practical equipment you can hitch up both trailers or caravans and also mount cycle racks. The trailer coupling is ready for use in no time at all – and can be folded in again behind the rear bumper just as quickly when it is no longer needed.

Operating safety is the top priority: to fold out the trailer coupling, you must first unlock it via the control button in the boot. As soon as the button light goes out, the trailer coupling is correctly engaged and is therefore ready for use.

Even when driving you can benefit from a comprehensive safety concept: the ESP[®] trailer stabilisation is able to intervene automatically in critical situations when driving with a trailer. The associated sensor system detects the trailer independently as soon as the electric plug is connected to your vehicle.

The ESP[®] stabilisation functions are automatically active from a speed of 65 kph. When undesired oscillating motions are detected, the Trailer Stability Assist actively dampens these with the aid of alternate brake actuation of each individual wheel. In most cases this is already sufficient to reduce dangerous oscillations. If necessary, the system additionally reduces the speed: for this, the engine torque is reduced and the vehicle is braked via all four wheels.

¹Please be aware fitment of this option will impact expected range ²Price subject to vehicle specification
