Mercedes-Benz

Welcome

At Mercedes-Benz we appreciate the importance of detail. Over the following pages you'll find model prices and a breakdown of standard and optional equipment, as well as details of the attractive finance offers and benefits that are available to every Mercedes-Benz driver.

We have highlighted some of the best styling features both inside and out, some of the new technology features and some body styling options which all combine to give you a unique driving experience. To experience a full listing of what is available; please speak directly to your local Mercedes-Benz Dealer.

Of course, some things have to be experienced to be truly appreciated, such as the qualities that set a Mercedes-Benz apart, which is why we'd like to invite you for a test drive at your local Mercedes-Benz Dealership. Discover the location and the contact details of your local Mercedes-Benz Dealership at **www.mercedes-benz.ie**

The new CLS.

With the symbiosis of coupé and saloon, the CLS established a new category. In its new edition the four-door coupé remains true to the clear lines and the characteristic silhouette, supplemented by expressive design details and sporty highlights. Once more the CLS presents itself as a progressive style icon.

Style icon from front to rear.

Clear lines determine the effortlessly superior appearance of the new CLS. With a reduction to the essentials, the sensual design idiom and iconic form complement each other for a modern luxury feel. The new front with the star grille, multi-spoke wheels in an aero design and sharply drawn head-lamps with MULTIBEAM LED add powerful highlights.

Expressive to the core.

It is the many details that make the interior of the new CLS so breathtaking. Fine materials, paired with innovative ease of operation, add up to a superior-class interior. And for individualists the multifunction steering wheel, trim element and the sporty multicontour seats can be personalised totally according to their wishes.

Safe companion from parking space to overtaking lane.

Thanks to state-of-the-art safety and assistance systems the new CLS can support you in a way appropriate to the situation in question and can actively help to reduce the risk in road traffic. The Driving Assistance Plus Package with Active Stop-and-Go Assist and Active Distance Assist DISTRONIC takes the strain off you, ensuring that you reach your destination safely, above all, but also relaxed.

Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you

Touch inputs

- Beside voice control you can operate MBUX via touchscreen, the touchpad on the centre console, as well as touch control buttons on the steering wheel
- The touchpad recognises your handwriting should you wish to enter addresses or phone numbers silently

Personalisation

- Turn the new CLS into your very own Mercedes-Benz by personalising driving modes, radio stations and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX – it will tell you the answer

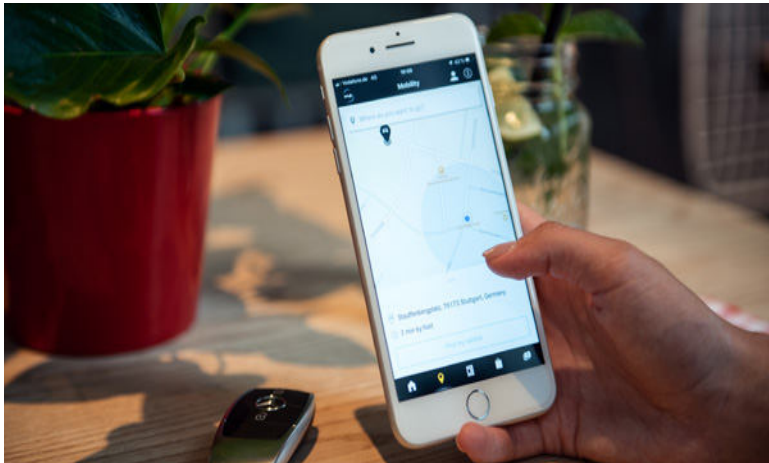

¹LINGUATRONIC off-board functions are currently only available for three years

The new CLS.

The Mercedes-AMG CLS 53 4MATIC+.

Every Mercedes-AMG is a masterpiece in its own right, with an unmistakable character. What unites our performance vehicles and sports cars is their irrepressible sporting spirit. Their passion for top performance. It is generated at the point where engineering skill meets a very special attitude: the spirit of AMG. We believe that you have to keep on challenging limits in order to achieve new goals. We accept nothing as a given. Because limits are imposed by people, and it's also people who can overcome them. It's this attitude that enables us to achieve outstanding performance for motor racing – and for the road.

Welcome to the world of AMG.
