

# The new GLC SUV

Price List from 1st July to 31st August 2024

Mercedes-Benz

# Welcome

At Mercedes-Benz we appreciate the importance of detail. Over the following pages you'll find model prices and a breakdown of standard and optional equipment, as well as details of the attractive finance offers and benefits that are available to every Mercedes-Benz driver.

We have highlighted some of the best styling features both inside and out, some of the new technology features and some body styling options which all combine to give you a unique driving experience. To experience a full listing of what is available; please speak directly to your local Mercedes-Benz Dealer.

Of course, some things have to be experienced to be truly appreciated, such as the qualities that set a Mercedes-Benz apart, which is why we'd like to invite you for a test drive at your local Mercedes-Benz Dealership. Discover the location and the contact details of your local Mercedes-Benz Dealership at **[www.mercedes-benz.ie](http://www.mercedes-benz.ie)**

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.

Owing to supply shortages, options for vehicles may be temporarily restricted, resulting in modified vehicle and/or package pricing . Regularly updated information on this issue is available from Mercedes-Benz

GLC

Technology

# Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

## Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC<sup>1</sup> lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you

## Touch inputs

- Beside voice control you can operate MBUX via touchscreen or the touch control buttons on the steering wheel

## Personalisation

- Turn the GLC into your very own Mercedes-Benz by personalising driving modes, radio stations and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

## Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX – it will tell you the answer

<sup>1</sup>LINGUATRONIC off-board functions are currently only available for three years

# Mercedes me connect

Stay connected any time, anywhere.

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

**Safety and Service – Mercedes me connect helps to keep you and your car safe**

Check your car's washer fluid level, tyre pressure and battery level from your phone so you'll be ready for every journey.

<sup>1</sup>Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

**Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect**

Forgot where you've parked? Parked Vehicle Locator<sup>1</sup> will show you exactly where your car is as long as you're in a 1.5 km radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

<sup>2</sup>Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

# Mercedes me

**Comfort – connect to your car anytime, anywhere**

Forgot to lock your car? With Remote Car Lock<sup>2</sup> you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

**EQ-specific Services**

Check your charging status on the go and programme your pre-entry climate control and charging settings remotely. The EQ-specific navigation considers electrical range, topography and charging stations.

Images shown are for illustration purposes only

GLC

# Plug-in Hybrid

# Plug-in Hybrid Electric Vehicles (PHEVs)

Plug-in hybrid vehicles enjoy the same functionality of full Hybrid technology, with the added benefit that they can be charged from an external electricity source.

GLC 300e 4MATIC	GLC 300de 4MATIC
Petrol – 1,999 cc, 4-cylinder, 201 hp/ 150 kW	Diesel – 1,993 cc, 4-cylinder, 194 hp/ 145 kW
Electric motor – 134 hp/ 100 kW	Electric motor – 134 hp/ 100 kW
GLC 400e 4MATIC	
Petrol – 1,999 cc, 4-cylinder, 252 hp/ 150 kW	
Electric motor – 134 hp/ 100 kW	
<b>Standard equipment</b>	
Charging cable – Mode 3 cable (4 metres, straight) for wallbox and public charging stations	Pre-entry climate control
Charging socket	Radar-based recuperation
Charging system – AC charging system rated at 11kW AC	Remote and Charging Services Plus

Technical details	
Equivalent All-Electric Range (EAER) <sup>2</sup>	up to 129 km
Charging time – wallbox (11 kW AC) 10–100% <sup>3</sup>	2 hrs 30 mins
Range power consumption, combined <sup>2,4</sup>	20.4–22.5 kWh/ 100 km
Battery type (capacity)	lithium-ion (31.2 kWh)
Capacity on-board charger	11 kW AC

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price. <sup>2</sup>The indicated values were determined according to the prescribed measurement method – Worldwide Harmonised Light Vehicle est Procedure (WLTP). Figures shown may include options which are not available in Ireland. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging. <sup>3</sup>Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10– 100% charge using a wallbox (three-phase) or standard socket (single-phase). <sup>4</sup>The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency.

# GLC Model lines overview

**AMG Line Plus »**

Option shown: spectral blue metallic (code 970)

# GLC AMG Line Plus

Standard equipment highlights

Option shown: spectral blue metallic (code 970)

**Engine, Transmission and Suspension**

DYNAMIC SELECT with a choice of driving modes

9G-TRONIC PLUS 9-speed auto

LED High Performance headlamps

Mirror package

**Exterior**

19" AMG alloy wheels – 5-spoke design, aerodynamically optimised, painted grey with a high-sheen finish (code RRH/RRD)

AMG Line Exterior package

AMG diffuser-look rear apron with insert in black

Diamond radiator grille

LED High Performance headlamps including integral LED daytime running lamps and Adaptive Highbeam Assist

Mirror package – electrically folding exterior mirrors and automatically-dimming driver's side mirror and rear-view mirror

Privacy glass

Interior

- Ambient lighting – 64 colours, ten colour moods and four dimming zones
- AMG Line Interior package
- ARTICO man-made leather dashboard with contrast stitching
- Boot Comfort package
- Floor mats in black with ‘AMG’ lettering
- Roof liner in black fabric
- Seats – sports seats including comfort package and heated front seats
- Memory package – driver’s seat, front passenger seat, steering column – electrically adjustable with memory. Includes exterior mirror with parking position
- Steering wheel – multifunction sports steering wheel in black nappa leather with galvanised gearshift paddles and onboard settings control
- THERMATIC – automatic climate control, two-zone

Silver grey diamond-pattern trim (H50) - Optional

Brown open-pore walnut wood trim (H33) - Optional

Anthracite line structure lime wood trim (H08) - Optional

Black open-pore aluminum lines wood trim (H04) - Optional

Brown high-gloss ash wood trim (H03) - Optional

# Colour options

Non-metallic, metallic and MANUFAKTUR paints

040 black non-metallic      Standard

970 spectral blue metallic      Option

992 selenite grey metallic      Option

799 MANUFAKTUR opalite white bright      Option

197 obsidian black metallic      Option

859 mojave silver metallic      Option

149 polar white non-metallic      Option

996 MANUFAKTUR Patagonia red metallic      Option

595 nautic blue metallic      Option

922 high-tech silver metallic      Option

956 MANUFAKTUR paint colour alpine grey solid      Option

831U MANUFAKTUR graphite grey metallic      Option

Please note that, owing to limitations of on-screen representation, paint colours may differ from those shown

Metallic paint is a no cost option for PHEV models only. MANUFAKTUR paint not included.

# Premium Package

From<sup>1</sup> €3,336

- **Digital Light:** adds intelligent features such as Adaptive Highbeam Assist Plus as well as ULTRA RANGE high beam and topography compensation to the familiar adaptive LED headlamp equipment.
- **Heat & Noise-insulating Acoustic Glass:** The glass of the windscreen and the front side windows is fitted with a special acoustic film. This replaces the conventional plastic intermediate layer in laminated safety glass. The acoustic glass is specially optimised to dampen high-frequency wind noise and predominantly low-frequency engine noise. For a pleasantly quiet journey.
- **Keyless GO Comfort Package:** Maximum comfort for your everyday driving: with the KEYLESS-GO Convenience Package, you can start and lock your vehicle simply by carrying the key. The HANDS-FREE ACCESS function allows contactless, fully automatic opening and closing of the tailgate.
- **Parking Package with 360° Camera & Transparent Bonnet:** Manoeuvre confidently and avoid obstacles safely - even in rough terrain: this function makes the bonnet transparent for you when driving off-road. A virtual view, calculated from camera images, shows the area directly in front of your Mercedes. In addition, a visualisation of the lane helps to choose the optimal driving path.

<sup>1</sup>Price and availability subject to vehicle specification and VRT rate.  
Owing to supply shortages, options for vehicles may be temporarily restricted, resulting in modified vehicle and/or package pricing . Regularly updated information on this issue is available from Mercedes-Benz dealers.

# Premium Plus Package

From<sup>1</sup> €7,026

In addition to Premium Package components...

- **Burmester® 3D surround sound system with 15 speakers and output of 710 watts**
- **Digital Light incl. Projection:** The projection functions can enrich your driving experience with guide lines, symbols and animations and make it safer. For example, DIGITAL LIGHT projects two guide lines in roadworks. This marking approximately represents the width of the vehicle. This way you are able to get better guidance in the narrow roadway. The intelligent technology highlights pedestrians in the danger zone with a spotlight function and illustrates their position with projected direction points. To prevent you from driving against the correct direction of traffic, a warning symbol signals if you are travelling in the opposite direction to that permitted, as can happen on motorway slip roads or one-way streets. The same symbol also warns you of running red lights or stop signs.
- **Head-up display:** The best outlooks for sporty driving pleasure and a superior driving experience: the head-up display transforms your windscreen into an exciting digital cockpit. This means you always have a direct view of key information. Your full attention remains on the road and the traffic conditions in front of you.
- **Panoramic Sunroof**
- **THERMOTRONIC quad zone climate control**

<sup>1</sup>Price and availability subject to vehicle specification and VRT rate.  
Owing to supply shortages, options for vehicles may be temporarily restricted, resulting in modified vehicle and/or package pricing . Regularly updated information on this issue is available from Mercedes-Benz dealers.

# Night Package

From<sup>1</sup> €764

The Night Package adds visual attractions: many exterior elements are finished in black. They underscore the sporty character and special individuality of your vehicle. And as such you can demonstrate your sense of expressive design and exclusive sportiness.

## Components of the Night Package:

- AMG front apron with simulated underguard in high-gloss black
- Beltline trim strip and window weatherstrip in high-gloss black
- Outside mirror housings painted in high-gloss black
- Roof rails in matt black
- Rear apron and diffuser in black
- Radiator grille with Mercedes-Benz pattern and louvre in high-gloss black

<sup>1</sup>Price and availability subject to vehicle specification and VRT rate.  
Owing to supply shortages, options for vehicles may be temporarily restricted, resulting in modified vehicle and/or package pricing . Regularly updated information on this issue is available from Mercedes-Benz dealers.

# Driving Assistance package Plus

The Driving Assistance package Plus<sup>1</sup> contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency.

**Driving Assistance package Plus<sup>1</sup>** (code P20) – designed and priced as a package, including items as listed.

**Total price from\* €4,121**

**Active Blind Spot Assist** can warn the driver of vehicles in the blind spot during a lane change and can help to avoid a collision by means of one sided braking intervention.

**Active Braking Assist with cross** traffic function can help to avoid accidents with vehicles ahead, crossing traffic and also pedestrians, and/or mitigate their consequences.

**Active Distance Assist DISTRONIC** relieves the strain on the driver and provides support in both flowing and stop and go traffic. The intelligent system controls the distance from the vehicle in front, adapts the driving speed to what is happening en route and takes on the demanding task of following a queue or traffic jam

**Active Lane Change Assist** supports you by bringing you into the parallel lane if there is space when changing lanes.

**Active Speed Limit Assist** helps you to observe the stipulated maximum permissible speed, even in unclear situations. A camera detects maximum permissible speeds, which Active Distance Assist DISTRONIC automatically adopts and sets as the speed for enhanced safety and comfort when driving.

**Evasive Steering Assist** can support the driver in making evasive manoeuvres if, in a dangerous situation, he/she moves to avoid any pedestrian detected by the system

**PRE SAFE®** can prepare the occupants for a side on collision and reduce the risk of injury. Like a bodyguard, it pushes the driver or front passenger away from the danger zone towards the inside.

**PRE SAFE® PLUS** when a rear end collision threatens, PRE SAFE PLUS can initiate preventive measures, including warning following traffic and locking the brakes on standstill.

<sup>1</sup>Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

\*Price, components and availability subject to vehicle specification

# Trailer coupling with ESP® trailer stabilisation

**Trailer coupling with ESP trailer stabilisation** (code 550)

**Available on all models**

**Total Price from\* €1,654**

Expand your transport options: with this practical equipment you can hitch up both trailers or caravans and also mount cycle racks. The trailer coupling is ready for use in no time at all – and can be folded in again behind the rear bumper just as quickly when it is no longer needed.

Operating safety is the top priority: to fold out the trailer coupling, you must first unlock it via the control button in the boot. As soon as the button light goes out, the trailer coupling is correctly engaged and is therefore ready for use.

Even when driving you can benefit from a comprehensive safety concept: the ESP® trailer stabilisation is able to intervene automatically in critical situations when driving with a trailer. The associated sensor system detects the trailer independently as soon as the electric plug is connected to your vehicle.

The ESP® stabilisation functions are automatically active from a speed of 40 mph. When undesired oscillating motions are detected, the Trailer Stability Assist actively dampens these with the aid of alternate brake actuation of each individual wheel. In most cases this is already sufficient to reduce dangerous oscillations. If necessary, the system additionally reduces the speed: for this, the engine torque is reduced and the vehicle is braked via all four wheels.

\*Price and availability subject to vehicle specification
